

9-109 The use of vehicle by its owner for purposes of traveling to and from his Employment is a personal, as opposed to a business use, as that term is used in UCC 9-109 ( 1), and the vehicle will be classified as consumer goods rather than equipment

These ruling are consistent with the undisputed fact " The classification of goods is Determined by its primary use," ( Barron's LAW Dictionary,3d ED,1991 .  
"A vehicle not used for commercial activity is a " consumer goods".... it is Not a Type vehicle required to be registered and "use tax" paid of which the tag is Evidence of the paid tax.
