NAMED ACCUSED PARTIES

1. Hearing Officer Katherine Carey 2. City of Buffalo Parking Violations Bureau

The charges are as follows; 1. Impersonating a judge 2. Fraud, as the individual impersonating a judge was also giving the false perception that I was in a court, when in reality it was no court at all. 3. Gross negligence equal to fraud for sustaining a violation ticket which the City of Buffalo was in default upon 4. Dereliction of Duty, 5. Violation of oath of office, 6. Conspiracy against rights, 7. Intimidation in the exercise and enjoyment of rights under color of law. 8. Violation of right to due process of law, 9. Violation of right to a jury trial by the entity pretending to be a court. 10. Additional violation of right to due process for refusing to hear a motion to dismiss, and for refusing to make the accused aware of the CAUSE and NATURE of the CHARGES and PROCEEDINGS against me. I was additionally not afforded a compulsory means of obtaining witnesses in my favor nor even able to confront witnesses against me. And finally, 11. Perjury

ALL of this relates to parking citation relating to DOCKET # E75174 Summons # S9427663 issued 08/21/2012. The charge is for parking without consent, which is not true, consent is not required to park where I was parked. The parking issue is not of concern here though. The reason I am filing criminal charges here is because I have a DUTY to do so to lawfully and peacefully defend fundamental rights. During this hearing nothing binding in any manner occurred as I did not consent. The fact is that the motion to dismiss was based upon the City of Buffalo being in DEFAULT in this matter. The ticket I received demanded a response to be given within a specific time frame and stated summary judgment could be issued if a response was not given.

In my response I did not create conflict or even dispute, but I offered conditional acceptance and simply asked for a signed original bill and a copy of the contract making me liable to pay such a bill, which was never provided. My response imposed the same requirement, that a response be given within 15 days or THEY would be in default, and they ARE. As stated my motion to dismiss was not even heard, but simply ignored, the outcome of this hearing was obviously predetermined before I even set foot in the "hearing room". Not that it is of concern to this matter, but a similar civil suit will be filed shortly after with respect to this matter. And anyone who attempts to interfere in this criminal complaint will be added to the charges of conspiracy against rights.

I demand that Hearing Officer Katherine Carey of the City of Buffalo Parking Violations Bureau be IMMEDIATELY arrested. If nothing else she is provably guilty of perjury for stating that I did not have the right to a jury trial, the fact that I do possess this right is self evident, prima facie, as the matter exceeds 20.00. This was supposed to be a hearing, but being that this woman took it upon herself to render a decision it WAS a trial regardless of what they call it. There is nothing at this point to “appeal”, as a hearing officer cannot violate due process of law lawfully. This matter once a jury trial was demanded, was for a jury to decide, not some hearing officer.

I will pursue this complaint and press charges, ALL charges to the fullest extent of the law. NO ONE is above the law, everyone is equal under and before the law, and what was perpetrated against me in this hearing was not lawful, but fraudulent in every aspect. As I am bound by a DUTY to the lawful and peaceful defense of rights, I MUST respond with all due force of law to protect my rights in this matter, which were not just violated, but completely ignored, seemingly as a matter of routine. I INSIST that these charges not only be accepted and filed, but investigated as well in every aspect.

I hereby attest swear and otherwise certify that ALL statements in this document are true and correct to the best of my knowledge and that I comprehend the lawful ramifications of the allegations made, and that all allegations are also true and correct and filed in good faith based upon my good faith beliefs, and are not intended to cause undue harassment. Thank you for your time and cooperation in this matter.

Sincerely,

Notary
