DO SOMETHING ABOUT IT! MAKE A REPORT, FILE A COMPLAINT, AND PRESS CHARGES!**

I am writing you this letter with the hope that you want freedom and Justice as much as I do.

I believe that there is a big problem with our policing forces and government officials. A big part of that problem is partly our own fault. Due to our lack of involvement with discipline and accountability in our local government, and public servants, we have let our public servants become rebellious. Acting as rogue agency's with no legal/lawful repercussions. Believing that they are "above the law" or that they are justified to abuse the authority given them by the consent of the governed.

I have had my own experience within this city and county. I have been made aware by firsthand experience of the police corruption and incompetence. As well as the failure of our Justice System to uphold the Supreme Law of the Land. (The American Common Law Constitution)

It is time to get our public servants and officials back on track and hold them even more accountable for their actions rather than give them a break because of a badge or position. I believe that with Great authority comes Great Responsibility. With that Responsibility there must be more severe consequences for abusing that authority. If not, then what motive will our public servants have to do what is right? To what end? If a police officer or public official knowingly breaks the law, or should know better, there is little to no recourse except that of a temporary/permanent vacation, at the most! Regular police and judicial misconduct is generally overlooked. This is condoning misconduct, if not rewarding it. Rather the person acting under color of law, authority, or office needs to be held accountable for their actions. I will seek and support a system of Justice that protects people from abusive government with a spiritual fervor.

We have failed to do our part by not voicing our concerns, and standing our ground. I have experienced a large amount of police/judicial misconduct and have yet to find one officer/official that can/will tell me his/her oath. Every Officer and Official that takes a public position/office swears an Oath to the Constitution of the United States of America (the supreme law of the land- Article 6, para.2).

If you want change you have to get involved, you have to do the hard part and fill out complaint forms, misconduct forms, and lawsuits against our public servant officers/officials/city/county/state. You have to report it and keep reporting it, and keep on fighting for your freedoms, your rights, and your liberty's. Tyranny is eminent if we the sovereign people do not keep our public servants in the confines of their office, and power. This will bring order to this chaos when we stand and fight for our rights.

Positions with large amounts of power and control can corrupt even the most righteous of men. **This fight is not one of blood and violence**, but of Tough Love, Education, Paperwork, Lawsuits and if necessary Prison Time, for our Public Servants and Officials.

"Nothing in the world is worth having or worth doing unless it means effort, pain, difficulty... I have never in my life envied a human being who led an easy life. I have envied a great many people who led difficult lives and led them well." (Theodore Roosevelt)

"They who can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety." (Benjamin Franklin)
