INSTRUCTIONS

This document confirms that the judge follow the rules. Remember that a motion not granted and signed, is determined to be denied. If the judge fails to grant and sign the motion, will give reason to have the judge recues himself and will give an error that you can appeal. If the judge is stupid enough to deny the motion and sign it, will give reason for anyone going in front of this judge in the future, to have himself recues, since it has been established that he will not follow the rules. This should be filed at least 10 days before the pre-trial.
